Evacuation Slides

EAM evacuation slides are manufactured with the highest quality craftsmanship and are designed to provide a safe, rapid, and reliable means of deplaning in case of emergency. Each slide carries the same service guarantee and attention to detail as our vest and raft products. Equipped with advanced features, including next-generation LED lights, EAM slides ensure maximum visibility for both day and night operations. Engineered for durability and performance, EAM slides set the standard for safety and efficiency in emergency evacuation.

Please visit **eamworldwide.com** for more information.

ESCAPE SLIDE FEATURE

ES-320F

Single Lane

APPROVALS

USA FAA C69c - Pending

RAFT CHARACTERISTICS

- Improved Composite Packboard Design
- Designed with Heat-Sealed Technology
- New Generation High & Mid Intensity LED Lights
